

Staff Report #TR 23-19

Meeting: Committee of the Whole - 16 Dec 2019

Staff Contact: Dave Readman, Zach Drinkwalter,

Subject: 2020 Water Rates

Suggested Motion

That council received the information in report TR-23-19, and determine if the Township of Ramara should continue with scheduled water rate increased as approved and pass in 2017 with bylaw 2017-10.

Background & Discussion

In 2017 Township wide water rates were set for 2017 to 2024. These water rates were based on the 2016 water rate study that was completed by Hemson consulting. These rates are based on operating costs as well as future capital needs of the existing infrastructure. The rates are set in order to cover current operating costs and costs of large capital replacements in the future. Please see attached for water rates.

Alternatives

Council could amend the bylaw and hold rates at the current 2019 level.

Financial Information

No increase in water revenue for the 2020 year. The increase in water consumption rates and fixed charges is set at about 4% in 2020. Please see attached for water rates.
